Obituary.

How true the words, "In the midst of life we are in death." We are here today in the bloom of life and health, but tomorrow we may be cold in death. God's will, not ours, be done.

Goldie M., daughter of John and Dona Lively, was born February 26, 1904, died August 29, 1908, aged 4 years, 6 months and 3 days. She leaves to mourn, a father, mother and three brothers, one sister having preceded her to the better world.

We knew not how dear was that form, 'Till stilled was the fluttering breath; We knew not how sweet was that voice, 'Till it was silent in death.

We knew not how great was the prize, 'Till we have counted the cost; We knew not how deeply we loved, 'Till our dear loved one was lost.
